

**Saturday, June 14, 2014 – Friday, June 20, 2014**

*Note: Information in this update is intended to highlight the week's major grizzly bear management actions and is not intended to be a comprehensive detailing of all management activities. Information in this update is draft and subject to change as details from the field become available. Finalized annual reporting of this information is published in the annual report of the Interagency Grizzly Bear Study Team available at: <http://www.nrmsc.usgs.gov/products/IGBST>*

### **Verified Grizzly Bear Killed Livestock**

- Nothing to report

### **Research and Monitoring**

- Initiated grizzly bear observation flights in the southern grizzly bear flight units. These flights are used as part of the monitoring program for grizzly bears and continue through the course of the summer.
- Retrieved a radio collar west of Cody that appeared to have been torn off in an intraspecific struggle.

### **Bear Management (Captures, Relocations, and Removals)**

- Nothing to report

### **Law Enforcement and Related Activities**

- Nothing to report

### **Outreach and Education**

- Presented "Large Carnivore Safety" to a class with Osher Life Long Institute (OLLI).
- Gave a bear safety presentation at the Oregon Basin Employee Safety Training meeting.
- Deployed temporary electric fence around a bee apiary at a residence west of Cody.
- Repaired permanent electric fence around an apple orchard at a residence west of Cody.
- Large Carnivore Section personnel attended and presented information on capture and handling of grizzly bears for a workshop specific to people working with bears in the Greater Yellowstone Ecosystem.
